Vern Eide
EMPLOYEE OWNED

Our Vision: To enhance the lives of our employees, customers, and the community
Our Mission: We Deliver Dreams

THE SIGNAL'S SUMMER FEATURED VEHICLE: MIHRET BAHTIC'S **ACURA INTEGRA** *Type S*

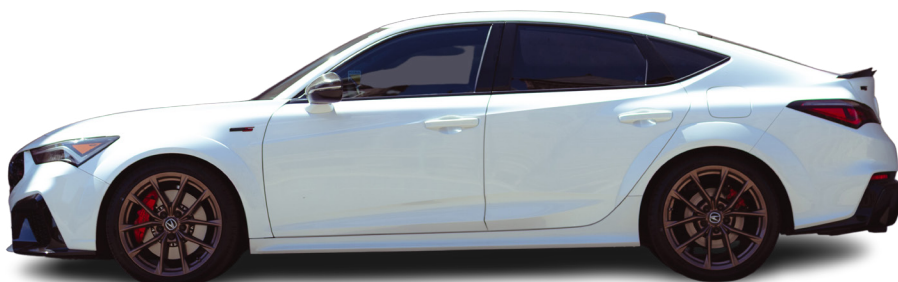

THE STORY BEHIND THE RIDE

For Mihret Bahtic (Detailer at Vern Eide on Arrowhead Parkway) the Acura Integra has always been one of those cars that just sticks with you. Long before his current 2024 Type S entered his garage, Mihret was already an avid Honda and Acura collector. At just 18 years old, he owned a 1999 Integra. Ever since then, Hondas have remained a constant in his collection.

From WRXs and Civic Si's to Type Rs, Mihret has owned a little bit of everything, but Hondas always stood out to him. He points to their reliability, the way they drive, and the balance they strike between performance and style. One of the best examples was a 2005 Civic he drove to nearly 370,000 miles, proof of the kind of longevity that helped turn him into a lifelong fan of the brand.

When it came time to shop for something new, Mihret originally had set out for a Civic Type R. While searching, he came across an opportunity to lease a new Acura Integra Type S through Vern Eide Acura, and immediately knew it was the right car. The Integra checked every box. A sleek sport compact with a six-speed manual transmission, aggressive styling, and best of all, a 320-horsepower turbocharged 2.0-liter VTEC engine.

One of Mihret's favorite details is the car's body lines and clean body style. He is also a fan of the active exhaust valve system, which gives the car its signature pops and aggressive sound under acceleration.

A MODERN TAKE ON A CLASSIC

While Mihret daily drives a 2007 Civic Si, the Integra serves as his fun car, as well as an escape. He describes it as the car he turns to whenever he needs time to think, clear his head, or simply enjoy the drive.

The car remains stock for now, although future body modifications are not out of the question. Mihret made sure this Type S was equipped exactly how he wanted it from the factory, opting for Acura's available appearance and accessory packages. Details like the bronze-finish wheels and custom Acura valve stem caps help the car easily stand out in a crowd, and serve as a reminder of how skilled Acura is at making a luxury, sporty, and affordable ride.

For Mihret, the Integra Type S is a continuation of years spent around Hondas and Acuras, and a modern version of one of the cars that made him an enthusiast in the first place.

Teeing off to make a difference: The 5th annual Justin Lake Golf Tournament

Austin Lake, Justin's son, takes a swing at the hole in one

The wind couldn't keep 132 golfers from hitting the links at Grand Falls Casino and Golf Resort for the 5th annual Justin Lake Golf Tournament on June 10th. The event raised \$40,000 for the Lake Family Foundation, benefiting The Banquet and Bishop Dudley House in Sioux Falls.

The tourney honors the memory of Jim Lake's son, Justin, who left the world too soon in April 2021. The Lake Family Foundation supports causes that honor the memory and values that Justin held near and dear to him.

CPR Class: Learning To Save Lives

There was more than the sound of engines at Vern Eide Mitsubishi on June 2 — the dealership hosted a Pulse Check event with the American Heart Association, giving community members a chance to practice Hands-Only CPR and use an AED. Kids joined in too, receiving stickers, "Future Lifesaver" coloring books, and a chance to explore a firetruck, while everyone enjoyed some free heart-healthy snacks.

The timing couldn't have been better. Just last month, a Vern Eide Powerhouse customer suffered a heart attack — and parts & service advisor Greg Briden, a former paramedic, stepped in and helped save their life. It's a powerful reminder: knowing what to do can make all the difference.

Vern Eide built our company on a solid foundation. As employee owners, we not only watch out for each other, but look for our customers as well. Focusing on what customers want starts long before they walk into our showrooms. At the same time, we don't stop caring about customers once they sign on the bottom line. The customer journey was the focus of the June corporate training sent out to all Vern Eide employees. What's your favorite part about helping our customers and how do you think you can implement it into the full Eide Effect?

Whether you're making a grocery run or hitting the open road, Vern Eide Honda, Acura, and Mitsubishi have a vehicle for every adventure. Stop by Vern Eide Mitsubishi to check out their Black Hills-inspired road trip display — featuring a Mount Rushmore with a Vern Eide twist, with Jim Lake, Travis Hoyt, John Morel, and Tyler Swanger taking the place of the presidents.

IT Tip: Phishing 101 — Don't Take the Bait

Phishing is a cyberattack where scammers try to trick you into revealing personal, financial, or login information through emails, text messages, fake websites, phone calls, or other communication channels.

Common phishing examples include:

- * Fake payment requests
- * Messages pretending to come from your employer or a trusted organization
- * Deepfake audio calls claiming to be from managers, administrators, or other authority figures

Red flags to watch for:

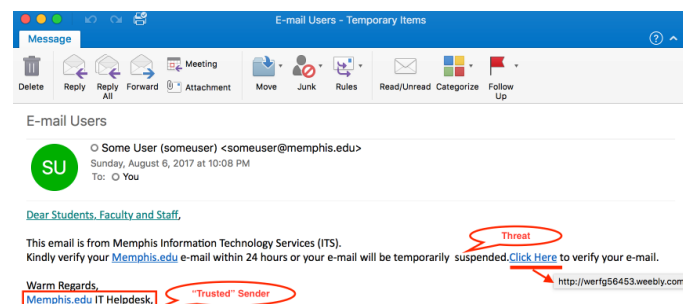

- * Urgent or threatening language (e.g., "Your account will be closed!")
- * Suspicious links or unexpected attachments
- * Requests for personal, financial, or login information
- * Sender email addresses that don't match the organization they claim to represent

How to protect yourself:

- * Don't click on suspicious links
- * Verify the sender through another communication method
- * Use multi-factor authentication (MFA) whenever available
- * Report suspected phishing attempts to your IT department

Quick Tip:

When in doubt, throw it out. If a message feels suspicious or something seems off, don't engage—verify it first.

Local Road Trips

School's out — and we all know how fast calendars fill up. But on the slow days when you hear “there's nothing to do.” Don't panic. Check the list below for easy ideas to keep the kids busy and having fun.

Children's Museum of South Dakota - Brookings, SD

The Children's Museum of South Dakota in Brookings offers hands-on, interactive exhibits and programs that spark curiosity and learning in science, art, and imaginative play for children and families.

Falls Park - Sioux Falls, SD

Falls Park in Sioux Falls features the dramatic Falls of the Big Sioux River, scenic walking trails, an observation tower, and year-round recreational and event space in the heart of downtown.

Washington Pavilion - Sioux Falls, SD

The Washington Pavilion in Sioux Falls is a regional multi-arts and science center housed in a restored historic building complex offering theaters, art galleries, and an interactive Discovery Center for hands-on science exhibits.

Great Plains Zoo - Sioux Falls, SD

The Great Plains Zoo in Sioux Falls is a 45-acre family-friendly zoological park featuring over 1,000 animals in immersive habitats, plus conservation initiatives and educational programs.

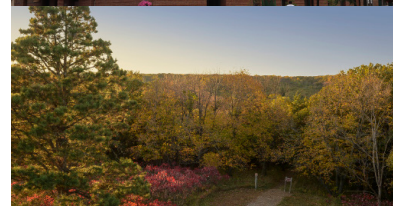

Corn Palace - Mitchell, SD

The Corn Palace in Mitchell, SD is a unique, multi-purpose arena famed for its ornate exterior murals and designs made from corn and other grains, redecorated yearly with new agricultural-themed artwork. Just 75 Miles outside of Sioux Falls!

Newton Hills State Park

Just 40 minutes outside of Sioux Falls, Newton Hills State Park is known for its rolling hills and oak-hickory woodlands with hiking, mountain biking, horseback trails, picnic areas, and campground.

Tri-State Marker

About 18 miles east of Sioux Falls marks the location where South Dakota connects with Iowa and Minnesota. Technically, the marker was originally in the middle of the road, but cars kept hitting it

Stone Coffee & Play - Tea, SD

10 Miles south of Sioux Falls, Stone Coffee & Play in Tea, SD is a family-friendly café offering specialty coffee, baked goods, and a safe indoor play area for children, plus seating and events for parents and families.

Old Courthouse Museum - Sioux Falls, SD

The Old Courthouse Museum in Sioux Falls is a historic 1890s stone courthouse turned museum showcasing local history, period rooms, artifacts, and rotating exhibits about the region's cultural and natural heritage.

Drive Out Domestic Violence

Nearly half of women and two in five men experience physical violence from an intimate partner in their lifetime. Domestic violence also increases in summer, and many incidents are never reported.

Each year Children's Home Shelter for Family Safety leads Drive Out Domestic Violence (DODV), with support from Vern Eide Motorcars. DODV is a month-long social media fundraiser that raises money and hope for survivors.

This year's DODV kicks off July 1. All month long, Children's Home Society will partner with Lewis Drug stores in Sioux Falls and Harrisburg to collect urgent items for families at the shelter. Shoppers can buy essentials like shampoo, body wash, and toothpaste and drop them in donation boxes by the registers.

EIDE EFFECT HEROES JUNE 2026

Lani Fenning

Leasing Team Lead

Vern Eide

"You bring so much joy and light to every room you walk into, and you truly make the dealership a better place. We all love you, Lani. Thank you for everything you do"
